

## Health and Safety Plan: UPDATED SPRING 2024

Previous Health and Safety Plan Effective Date:	December 14, 2023
Date of Last Revision:	March 6, 2024
Date of Board Meeting for review and approval:	April 11, 2024

---

At the beginning of the 2023-2024 school year, the Test to Stay (TTS) program was discontinued at Charter Arts. As this pandemic evolves, we will continue to follow the guidance and recommendations of our health partners to ensure the safety of our community.

*How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities to continuously and safely open and operate schools for in-person learning?*

The health and safety of all Charter Arts students, employees, families, and the community at large remain a top priority for our School Board and school leadership. As outlined in our Emergency Instructional Time Template for the 23-24 school year, Charter Arts will continue in-person learning this year, 5 days a week and may implement asynchronous and synchronous learning as needed depending on a variety of circumstances, including staffing shortages, transportation shortages, etc. Our Certified School Nurse (CSN) and Administration will continue to collaborate with our partners at St. Luke's and Colonial Intermediate Unit 20 (IU20), the Pennsylvania Department of Health (DOH), and the Bethlehem Health Bureau and will monitor the guidance and resources these partners and the Center for Disease Control (CDC) provide to ensure that we are making decisions in the best interest of our students, employees, and community.

**The School Board grants the School Administration permission to adjust our day-to-day procedures to align with updated guidance and in consultation with our healthcare partners without resubmission of this plan. We will continue to keep our stakeholders informed as changes to this plan or schoolwide procedures are implemented.**

Public performances will be held in person, both at Charter Arts and in the local community.

Charter Arts is recommending all students, employees, and visitors to remain home if they are showing any symptoms.

*How will the LEA ensure continuity of services, including but not limited to services to address the student's academic needs and students' and employees' social, emotional, mental health, and other needs, which may include student health and food services?*

The table below further explains how Charter Arts will maintain the health and safety of students, educators, and other employees by aligning our procedures to guidelines established by the CDC and PA DOH, as needed.

ARP ESSER Requirement	Strategies, Policies, and Procedures
<b>Universal and correct wearing of masks</b> <i>(When necessary)</i>	<ul style="list-style-type: none"> <li>• Correct mask-wearing will follow the CDC’s most current guidelines, PA DOH, St. Luke’s Health Network, and the City of Bethlehem Health Bureau.
