## THE CURRICULUM:

Literary Arts majors at Charter Arts explore the relationship between literature, reading, writing, and performance of the spoken word while honing their craft and producing works in various mediums. The Literary Arts program is a perfect fit for students who would like to strive for future careers as poets, novelists, and playwrights.

Students analyze and write critically and creatively, experimenting with their own creative voices in the construction, production, and performance of original works. This intensive program provides students with a rigorous curriculum rooted in the creative process while reinforcing that reading, writing, and the spoken word are integral parts of the history and development of society.
